"It's important that we are providing another sport for women and possibly training future volleyball officials, but for many, it's simply the opportunity to participate in a sport they love, at an advanced level," comments Coach Crabtree.

Apart from physical attributes, the first consideration in selecting the team was individual enthusiasm. Based on this, Coach Crabtree has high hope for post-season action.

Ms. Floretta, or Floretta Crabtree "pinky", as she is known to her friends, Crabtree, has been a guiding force behind the move. She has been an instructor at Eastern for four years.

WOMEN'S VARSITY VOLLEYBALL '75  
 Another step forward for women was taken this year with the addition of this. Volleyball's have always been bouncing at Eastern, in Intra-Mural form, with fine student support.
